Dear Mr. Walter Beck Corporation:

I am in receipt of your June 10th, 2004 letter. We have a serious misunderstanding here. I had ask you for service records & the vendors name on the fire suppression system. Your response was understood by me to be you no longer had one.

You now indicate you did have a fire suppression system and it was operational at the time of the fire. Who is the vendor who maintains the system? I can request of them and they can provide us the records on the equipment and we can reassess our position at that point.

As to the correspondence preceding your June 10th, 2004 I can only say that I have had no problem with undelivered mail. If it has the correct location and P.O. box the post office is very good about getting mail to me. It is best if my name is not on the envelope as the box is in the name of Safeco.

Sincerely,

A handwritten signature in cursive script that reads 'Paul J. Smith Jr.'.
